WARNING: CONTAINS SATIRE

The dangers of arbitrary and inconsistent viewpoint censorship are only exacerbated when enforced by police states (that masquerade as democracies) using opaque procedures that fall egregiously short of due process and are insensitive to context, such as sarcasm, comedy, lampooning, parody, humor, satire and socio-political commentary.

Missing Trump Tax Files Motivated Leak of Financial Records, says reporter

An IRS employee, John Fry of San Francisco, was charged by the Dept. of Justice with 'unlawful disclosure of Suspicious Activity Reports' involving President Trump's overseas financial transactions after derp reporter Ronan Farrow (pictured above) rolled him over to the feds in exchange for voiding hundreds of unpaid parking tickets.

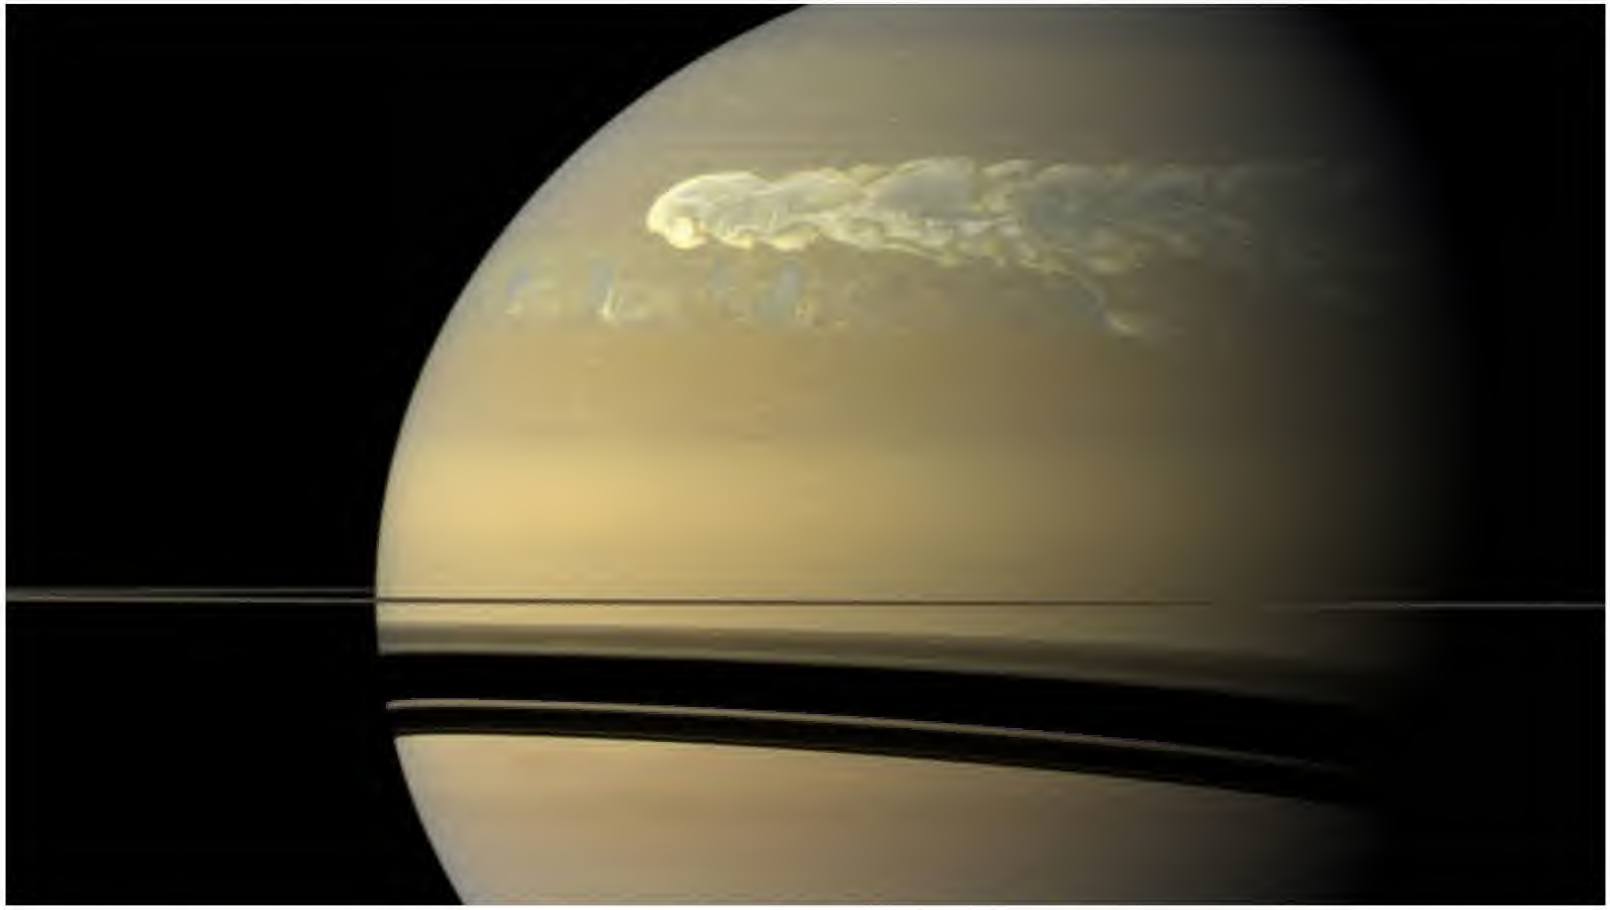
Astronomers amazed by interstellar object that struck Saturn earlier this year.

Strange storm roils across Saturn's face after it was impacted by Oumuamua, the interstellar neutron star fragment that whizzed past the Earth at 260,000 mph in February, 2018.



After the interstellar object known as Oumuamua struck Saturn, a spectacular cloud formation was created above the gas giant's surface that scientists expect to last for many decades.

A MESSAGE TO THE PEOPLE OF SASKATCHEWAN FOLLOWING OUR HEART-BREAKING LOSS TO JUSTIN TRUDEAU'S LIBERALS OCT. 21st

Fresh and reinvigorated after having my face spelunked by the balls of BIG OIL company executives and owners, I am ready once again to be their faithful puppet and promulgate their usual claptrap as God's only and honest truth.

Therefore, I will obey my masters commands and will continue their lie that the oil industry in Canada, which makes billions of dollars in profits every year, still needs massive federal subsidies that effectively reduces their tax rate to zero.

Why should our billionaire elites have to pay any income taxes at all ? What are we, some kind of socialist nirvana ? As long as I remain Premier of this God-forsaken rat hole of a province, our richest citizens will continue to be able to use loop-holes in the tax system to avoid paying, not only their fair share, but any taxes whatsoever.

Moreover, I will fight tooth, nail and claw to restore the COPOPOLY - the police cannabis monopoly in this province. As soon as we can foment enough unrest with our usual bag of tricks that comes right out of Goebbel's playbook, we will again recriminalize marijuana and put the business 100% back into police hands.
